7 November 1983

MEMORANDUM FOR: Executive Director

FROM: Executive Assistant to the DDCI

The DDCI has no problem with the attached book cable. He believes that 2a of the attached regulation, however, should be revised to indicate that the COS or COB will be advised immediately of unofficial contact with any foreigners, not just those from communist or "hostile" countries. You recall from the planning exercise the increased concern about competition from our friends.
